

saptamswar

creative celebrations

Saptam Swar means 'the seventh note'. In the musical octave, the seventh note is the last one, and is a result of a progressive growth of the melodic structure. At Saptam Swar, we take you through an exclusive and artistic journey of music and entertainment, a journey that continually rises like the notes of an octave, and culminates in a grand crescendo.

Marriage is the spiritual union of two souls. Providing music or entertainment at weddings, to us, would never be "just another show". We weave together magic and beauty by creating an artistic blend of cultural elements along with a fine glamour quotient. We, at Saptam Swar, work in close contact with the families to understand their inclinations and sensitivities, and create unique personalised programmes. We bring alive their dreams.

We work in several genres of music and dance performances. A different ensemble is created for each function. Researched wedding songs add the authentic folk touch to the poojas; we create joyful cheer at energetic sangeet functions, interactive and fun mehendi programmes, glamorous celebrity dance shows at cocktail parties, soulful and mood-enhancing ambient music at lunches and dinners. The main wedding occasion is decorated with beautiful music, followed by some lively performances or fusion ensembles at the Reception. Sometimes a 50-piece orchestra band, at times a quiet santoor and tabla by the lake. The impact is always unforgettable.

Saptam Swar is an amalgamation of creative minds, eminent literary persons, members from the arts, management and research faculties, and is headed by Mrs. Suruchi Mohta, who has 25 years of classical and light music study as her base. She has successfully crafted programmes for top Indian families for the last 15 years.

Besides modelling different kinds of wedding programmes, Saptam Swar has also conceptualized and created ballet presentations, scripted and directed short plays, organized cosy music baithaks and seminars, bhajan programmes, concept shows, book launches, poetry readings, Bollywood shows, coffee table book designing and printing, studio recordings, short films, music videos etc. for private clients.
